

COVID-19

LOOK AFTER YOURSELF

AND OTHERS!

Hi everyone,

We are all a little bit on edge at the moment with the Coronavirus having a global effect. I wanted to write this message to our community to firstly make sure you are all safe and secondly to inform you of the precautions we are taking at Open Hands Creative.

We understand this may be effecting your life on several levels, and we want to make sure you are looking after yourself and the environment! Please don't stop putting time aside for YOU! If you are stressed, tired or burnt-out this may negatively effect your immune system. How can you keep on top of it? Schedule in some time for yourself. We recommend something creative!

In moments of panic our sustainable choices are tested. Please be mindful of the waste and plastic you are consuming. Try to make the most environmentally friendly decisions under these extreme circumstances. A quick fix today can have more damage on our planet tomorrow.

Stay safe and keep creating!
Morgan

OUR COVID POLICY

At Open Hands Creative we are taking the health of our staff and customers seriously. We have taken the necessary precautions to protect you at our workshops. At all times Open Hands Creative complies with the relevant health advice issued by the [WA Government](#). Be sure to check regulations and mandates before visiting.

What our staff are doing:

- All our staff and collaborators/teachers are fully vaccinated.
- All OHC staff practice good hygiene by regularly washing their hands and regularly using hand sanitiser. Wearing eco fabric face masks where necessary and using compostable gloves for food preparations.
- All equipment is cleaned before and after each workshop.
- Where possible we are trying to limit equipment sharing, giving customers individual supplies. If there is only one of something our OHC staff will be responsible for dispensing it to limit contact.

In addition:

- All our workshops are run at clean and well-ventilated venues, we love open doors and windows, natural light, plants and great air flow!
- All our workshops have a capacity of 18 people (we like intimate connection), which means we are well under most venue and/or government capacity restrictions.
- All our other events follow government and venue capacity restrictions.

Workshop attendance:

- Please stay at home and contact us directly if you are feeling unwell, are in quarantine or awaiting results from a COVID-19 test.
- Please be responsible and aware of your own restrictions if you have travelled out of WA or overseas. Contact us directly if this means you can't attend our workshop.
- If you catch covid or are required to isolate and cannot attend the workshop, we require proof and will then issue a store credit. Store credits are generated at the discretion of Open Hands Creative and will be provided digitally with no expiration date.
